

Extra Credit APPOINTMENT

Germanis

To make an appointment for extra credit you must fill out both the top and the bottom of this form. Keep the top as a reminder and give the bottom part to Mr. Germanis. The purpose of this form is so you can make a formal appointment to get extra credit by meeting outside class time. You do not need any particular reason to meet other than just getting the extra points. This offer is made with the expectation that once students come in outside class they will be more likely to do so when they need help.

Appointments are *not necessary* to get extra help. You are encouraged to see your teacher (or tutor) outside of class regularly to make sure you keep on track. Tutoring is available from many sources (such as the Honor Society). You may also get help from me before school, after school, or during lunch. Many other teachers are available to help at various times. Be sure to check regarding their familiarity with the subject and hours of availability.

Be aware that there is a penalty for not appearing for your appointment—negative ten points.

REMINDER TO MYSELF

I have made an appointment with Mr. Germanis for _____ (date)

(circle one) Before School After School

take this part with you
give this part to Mr. Germanis
